Stage: Closing

Deal value: \$410,000

Win probability: 50%

Expected close date: July 15, 2026

Lead source: Partner referral

This ERP replacement deal looked extremely promising when we entered Closing about May 16, 2026 after a strong evaluation process. Since then, though, things have gone quiet — our last real contact with Ironclad's steering committee was on May 21, 2026, right after they said they needed "a bit more time" to finalize budget approval. We haven't heard back since despite several check-in attempts. Next step: not specified.
